RULES AND REGULATIONS GOVERNING THE PRACTICE OF COSMETOLOGY

MUST BE POSTED IN A CONSPICUOUS PLACE

SHOPS AND SCHOOLS

1. All persons practicing cosmetology as defined in Section 1082-1 of the General Code shall provide a suitable place equipped to give adequate service to patrons, and subject to inspection by the constituted authorities.
2. All beauty shop, managing operator, operator, school and instructor licenses must be displayed in a conspicuous place where such person, or persons are practicing, in plain view and on a level with the eyes.
3. Every owner of every beauty parlor or establishment shall provide a separate room, suitably equipped to meet the requirements of the State Board of Cosmetology. Every residential shop shall maintain a separate entrance which shall not open off from the living quarters of the house and shall have all doors leading to the living quarters permanently closed. Second floor and basement shops in a residence will not be permitted.
4. A beauty parlor, or establishment where cosmetology is practiced shall not be used for residential purposes (living, dining, sleeping) nor in connection with a business where food is handled, unless a separate room is provided for cosmetology work.
5. Every cosmetology establishment shall be well lighted, well ventilated and kept in a clean, orderly and sanitary condition at all times. All cosmetology work shall be practiced only in quarters especially equipped for such service.
6. Every cosmetology establishment shall be supplied with an adequate supply of running water, both hot and cold. In locations where water is not supplied by a public system, a tank or similar quantity pressure container is permissible; provided, however, that the source of water supply and plans for the water supply installation shall be approved by the Ohio Department of Health, in accordance with the provisions of Section 1240 G. C. Plumbing must be installed in accordance with provisions of the Ohio State Building Code.
7. If the municipality has a sanitary sewer system approved by the Ohio Department of Health, connections must be made thereto; in the absence of such, a private sewage disposal system must be provided However, this sewerage and sewage disposal system must be approved by the state health authorities as provided in Section 1240 G. C.
8. A closed dustproof cabinet must be provided for clean towels and linen, and a covered hamper or receptacle must be provided for all soiled towels and linen.
9. All electrical devices shall be properly installed and properly

C. All brushes used shall be cleansed and disinfected with hot water and then immersed for at least 10 minutes in a 1-1000 Sol. of Bichloride of Mercury or some equally efficient disinfectant.
D. The instruments used shall be cleansed and then disinfected by being left in boiling water or in a 4% sol. of formaldehyde, or the use of an equally efficient disinfectant for at least 10 minutes.
E. The cosmetologist must wash her hands with tincture of green soap and water, followed by a rinsing in a 1-1000 solution of Bichloride of Mercury or some equally efficient disinfectant.

MANAGER AND OPERATOR

20. Every person engaged in a beauty parlor, or establishment, shall thoroughly cleanse his or her hands with soap and water immediately *before* serving each person.
21. No person shall give service in an establishment licensed by this Act, who, knowingly, has an infectious or contagious disease in a communicable stage.
22. Any article dropped on the floor or otherwise rendered unsanitary shall not be used until it is sterilized.
23. Operators shall wear a washable outer garment, such as an apron, uniform or coat. Each operator is required to have at least twelve (12) combs in order to allow for adequate sterilization. An operator or manicurist is not permitted to carry combs or instruments in pocket.
24. For the use of waving lotion, each operator shall be supplied with special containers of such type as may be necessary to prevent contamination of the unused solution (one that will not admit a comb).
25. The use of a common hair brush, comb, powder puff, sponge, or neck duster is prohibited.
26. Powder must be in a shaker, or similar receptacle, and applied with individual puffs, which shall be cotton pledgets.
27. Cream, or other semi-solid substances, shall be removed from containers with a clean spatula, or similar article. Spatulas may be made of wood and discarded after use. The instrument used for the removal of the cream, or other semi-solid substance, must not be allowed to come in contact with the skin of the patron.
28. Styptics to arrest bleeding shall be used only in liquid, or powder form, applied by means of clean gauze or cotton.
29. The application of oily substances shall not be used in first aid treatment of burns. An aqueous or jelly-like substance shall be used.
30. No patron shall be allowed to leave a beauty establishment while her
